NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
June 30, 2007

Basis of Presentation

The condensed consolidated financial statements included herein have been prepared by AmerInst Insurance Group, Ltd. (“AmerInst”) without audit, pursuant to the rules and regulations of the Securities and Exchange Commission, and reflect all adjustments consisting of normal recurring accruals, which are, in the opinion of management, necessary for a fair presentation of the results of operations for the periods shown. These statements are condensed and do not incorporate all the information required under generally accepted accounting principles to be included in a full set of financial statements. It is suggested that these condensed statements be read in conjunction with the consolidated financial statements at and for the year ended December 31, 2006 and notes thereto, included in AmerInst’s annual report for the year then ended.

New Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (“FASB”) issued FAS 157, *Fair Value Measurement*. This statement provides guidance for using fair value to measure assets and liabilities. Under this standard, the definition of fair value focuses on the price that would be received to sell the asset or paid to transfer the liability (an exit price), not the price that would be paid to acquire the asset or received to assume the liability (an entry price). FAS 157 clarifies that fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with the highest priority being quoted prices in active markets and the lowest priority to unobservable data. Further, FAS 157 requires tabular disclosures of the fair value measurements by level within the fair value hierarchy. FAS 157 is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Early adoption is permitted as of the beginning of a fiscal year. The Company is currently evaluating the potential impact of FAS 157 on its financial statements when adopted.

In February 2007, the FASB issued FAS 159, *The Fair Value Option for Financial Assets and Financial Liabilities—Including an amendment of FASB Statement No. 115*. FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. This statement is expected to expand the use of fair value measurement, which is consistent with the FASB’s long-term measurement objectives for accounting for financial instruments. The fair value option will permit all entities to choose to measure eligible items at fair value at specified election dates. An entity shall record unrealized gains and losses on items for which the fair value option has been elected through net income in the statement of operations at each subsequent reporting date. This statement is effective as of the beginning of an entity’s first fiscal year that begins after November 15, 2007. The Company is currently evaluating the potential impact of FAS 159 on its financial statements.

Share Dividend

On March 2, 2006, the board of directors of AmerInst approved a share dividend of two shares of common stock for every share held by shareholders of record on April 2, 2006, subject to shareholder approval of an increase in the number of our authorized shares. Such approval was received at the AmerInst 2006 Annual General Meeting on June 1, 2006, which increased the authorized share capital of the Company from \$500,000 to \$2,000,000. The total issued shares were 331,751 prior to the share dividend and 995,253 afterwards. Unless otherwise noted, all share and per share numbers in our Condensed Consolidated Financial Statements and elsewhere in this quarterly report on Form 10-Q reflect the share dividend.

Rights Offering

AmerInst filed a registration statement on Form S-3 with the Securities and Exchange Commission (the “SEC” or the “Commission”) on June 15, 2006 to register a rights offering to existing shareholders. The registration statement was amended on July 20, 2006 and declared effective on July 24, 2006. Pursuant to the rights offering, which was mailed to shareholders on July 28, 2006, each shareholder received a right to purchase one common share for each share currently owned, at a price of \$23.33 per share (after giving effect to the share dividend). Further information concerning the rights offering is contained in the prospectus dated July 28, 2006 and in our S-3 registration statement on file with the SEC. A total of 97,927 rights were exercised prior to October 4, 2006, the expiration date of the oversubscription right under the rights offering. As a result, 97,927 shares were subsequently sold by AmerInst Investment Company, Ltd. to shareholders exercising rights, for a total purchase price of \$2,284,637, before rights offering costs of \$277,057. Of the shares sold in the rights offering, 21,461 shares were purchased by AmerInst directors for a total purchase price of \$500,685.

Segment Information

Effective in 2006 AmerInst has two operating segments: 1) Reinsurance activity and 2) the new insurance financing product (RINITSTM), which is in the initial marketing phase of development. The results for the reinsurance activity are as follows:

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

Unless otherwise indicated by the context, in this quarterly report we refer to AmerInst Insurance Group, Ltd. and its subsidiaries as the “Company,” “we” or “us.” Also, unless otherwise indicated by the context, “AmerInst” means the parent company, AmerInst Insurance Group, Ltd. Our principal offices are c/o USA Risk Group (Bermuda) Ltd., Windsor Place, 18 Queen Street, 2nd Floor, P.O. Box HM 1601, Hamilton HM GX, Bermuda. On December 2, 1999, AmerInst Insurance Group, Ltd. and its predecessor entity, AmerInst Insurance Group, Inc., a Delaware corporation, consummated an exchange transaction pursuant to an Exchange Agreement, in which AmerInst Insurance Group, Inc. transferred all of its assets and liabilities to AmerInst in exchange for newly issued common shares of AmerInst. AmerInst Insurance Group, Inc. was then liquidated and its shareholders received, on a share-for-share basis, the newly issued common shares of AmerInst.

Our primary purpose is to maintain an insurance company which is intended to exert a stabilizing influence on the design, pricing and availability of accountants’ professional liability insurance. Historically, the sole business activity of our wholly owned insurance company subsidiary, AmerInst Insurance Company, Ltd., has been to act as a reinsurer of professional liability insurance policies that are issued under the Professional Liability Insurance Plan sponsored by the American Institute of Certified Public Accountants (“AICPA”). The AICPA plan offers professional liability coverage to accounting firms and individual certified public accountants (“CPAs”) in all 50 states. Effective June 1, 2005, we accepted a 5% share in the first excess layer of \$2,000,000 excess of \$1,000,000 of CAMICO Mutual Insurance Company (“CAMICO”), a California-based writer of accountants’ professional liability business. Effective June 1, 2007, the contract renewed with our share reduced to 2.5%. Approximately 25,000 accounting firms and individual CPAs are insured under these plans. We also reinsured attorneys’ professional liability in 2003. We continue to look for ways in which it may be advantageous to expand our business to include the reinsurance of lines of coverage other than accountants’ professional liability. Any such expansion may be subject to our obtaining regulatory approvals, among other things.

Our reinsurance activity depends upon agreements with outside parties. In August 1993 we began the current reinsurance relationship with CNA Financial Corporation (“CNA”), taking a 10% participation of the first \$1,000,000 of liability of each policy written under the AICPA plan. Effective in December 1999, we began taking a 10% share of CNA’s “value plan” business. The “value plan” provides for separate limits up to \$1,000,000 for losses and separate limits up to \$1,000,000 for expenses per occurrence and \$2,000,000 in the aggregate. The maximum limits under the “value plan” are \$2,000,000 per occurrence and \$4,000,000 in the aggregate.

We have entered into reinsurance agreements with CNA and CAMICO and intend to cooperate with them through such reinsurance agreements, but have no contractual right to long-term involvement with either the AICPA plan or CAMICO. Similarly, other than the current terms of our reinsurance agreements, we are not obligated to use our reinsurance capacity as part of any insurance program that is offered to the CPA profession, and may, in the discretion of our board of directors, provide reinsurance for other coverage, including other accountants' professional liability coverage.

Third-party Managers and Service Providers

USA Risk Group (Bermuda) Ltd. provides the day-to-day services necessary for the administration of our business. Shareholder services are furnished by USA Risk Group of Vermont, Inc., an affiliate of USA Risk Group (Bermuda) Ltd.

The Country Club Bank of Kansas City, Missouri, provides portfolio management of fixed-income securities and directs our investments pursuant to guidelines approved by us. Harris Associates, L.P., Harris Alternatives Investment Group, and Northeast Investment Management, Inc. provide discretionary investment advice with respect to our equity investments.

We have retained Milliman USA, an independent casualty actuarial consulting firm, to render advice regarding actuarial matters.

Professional Liability Coverage

The form of professional liability policy issued by CNA which we ultimately reinsure is a Professional Liability Company Indemnity Policy form. The coverage provided under this policy is on a "claims made" basis, which means the policy covers only those losses resulting from claims asserted against the insured during the policy period. The insuring clause of the policy, which indemnifies for losses caused by acts, errors or omissions in the insured's performance of professional accounting services for others, is in three parts:

Clause A indemnifies the accounting firm insured and, unless excluded by endorsements, any predecessor firms;

Clause B indemnifies any accountant or accounting firm while performing professional accounting services under contract with the insured;

Clause C indemnifies any former or new partner, officer, director or employee of the firm or predecessor firms.

Depending on the insured, defense costs for the policies issued by CNA (and reinsured by us) are either within the policy limits or in addition to policy limits. CNA charges an additional premium to cover the cost of providing defense costs in addition to the policy limits under its "value plan." Insureds under the value plan have separate limits for losses and defense costs. Settlements are made only with the written consent of the insured. However, if the insured contests the settlement recommended by the insurer, those policies will only cover costs that do not exceed the lesser of the amount for which the claim could have been settled or the policy limits.

Effective January 1, 2003, we entered into a 15% quota share participation of the attorneys' professional liability coverage provided by Professionals Direct. This participation terminated on December 31, 2003.

Effective June 1, 2005, we accepted a 5% share in CAMICO's first excess layer of \$2,000,000 excess of \$1,000,000. The contract renewed on June 1, 2006. Effective June 1, 2007 the contract renewed with our share reduced to 2.5%.

OPERATIONS

Three months ended June 30, 2007 compared to three months ended June 30, 2006:

We recorded net income of \$800,154 for the second quarter of 2007 compared to net income of \$249,984 for the same period of 2006. The increase is due to a decrease in our total losses and expenses for the period and higher gains realized on investments, partially offset by lower net premiums earned. Our earned premiums for the second quarter of 2007 were \$1,552,209 compared to \$2,205,374 for the second quarter of 2006, a decrease of 29.6%. This decrease is due to an adjustment of earned premiums for premiums over ceded to AmerInst in prior years. Net premiums written for the three months ended June 30, 2007 were \$902,913, compared to \$1,636,249 for the second quarter of 2006, a decrease of \$733,336 or 44.8%. This decrease is due to an adjustment for premiums over ceded to AmerInst in prior years in the amount of \$670,863. Additionally, related commissions paid were reduced by \$191,197 and losses were reduced by \$469,604. The resulting effect on net income was a decrease of \$10,062.

Our loss ratio for the second quarter of 2007 was 71.3%, compared to 76.2% for the same period of 2006. The loss ratio represents our management's current estimate of the effective loss rate selected in consultation with our independent consulting actuary. To determine total losses for the second quarter of 2007, we multiplied an estimated loss ratio of 70% times the AICPA Professional Liability Insurance Plan net premiums earned and the CAMICO net premiums earned and have recorded additional reserves relating to the attorneys' professional liability plan. For the second quarter of 2006, to determine total losses we multiplied an estimated loss ratio of 70% times the AICPA Professional Liability Insurance Plan current premiums earned and the CAMICO net premiums earned and recorded additional reserves relating to the attorneys' professional liability plan.

We expensed policy acquisition costs of \$428,429 in the second quarter of 2007 compared to \$639,751 for the same period of 2006, a decrease of \$211,322 or 33.0%. These costs were 27.6% and 29.0% of net premiums earned for the quarters ended June 30, 2007 and 2006, respectively. The decrease in policy acquisition costs was due to a decrease in net premiums earned resulting from the adjustment of earned premiums for premiums over ceded to AmerInst in prior years. Policy acquisition costs are the sum of ceding commissions paid to ceding companies determined contractually pursuant to reinsurance agreements and federal excise taxes paid on premiums written to ceding companies.

We expensed operating and management expenses of \$479,820 in the second quarter of 2007 compared to \$532,690 for the same period of 2006, a decrease of \$52,870 or 9.9%. The primary reason for this decrease was a difference in timing of patent and business development expenses from 2006 to 2007.

Effective in 2006 AmerInst has two operating segments: 1) Reinsurance activity and 2) the new insurance financing product (RINITS™), which is in the initial marketing phase of development. The results for the reinsurance activity are as follows:

	Six Months Ended June 30, 2007	Six Months Ended June 30, 2006	Three Months Ended June 30, 2007	Three Months Ended June 30, 2006
Revenues	\$5,496,345	\$5,869,258	\$2,815,073	\$3,103,076
Total losses and expenses	4,509,744	5,280,514	1,916,847	2,763,012
Segment income	986,601	588,744	898,226	340,064

The RINITS segment offers a mechanism to securitize insurance and reinsurance risk, involving property, casualty, life and health lines of insurance. This segment as of June 30, 2007 had generated no revenue. Operating and management expenses are as follows:

	Six Months Ended June 30, 2007	Six Months Ended June 30, 2006	Three Months Ended June 30, 2007	Three Months Ended June 30, 2006
Operating and management expenses	\$ 347,824	\$ 196,757	\$ 98,072	\$ 90,080

The combined total net income for both segments is as follows:

	Six Months Ended June 30, 2007	Six Months Ended June 30, 2006	Three Months Ended June 30, 2007	Three Months Ended June 30, 2006
Total net income	\$ 638,777	\$ 391,987	\$ 800,154	\$ 249,982

We recorded net underwriting income (net premiums earned less the sum of loss and loss adjustment expenses and policy acquisition costs) of \$17,110 for the second quarter of 2007 compared to net underwriting loss of \$115,028 for the same period of 2006, an improvement of \$132,138. The improvement is due to a decrease in losses and loss adjustment expenses and policy acquisition costs for 2007 compared to 2006.

We recorded net investment income of \$395,089 in the second quarter of 2007 compared to \$352,236 for the same period of 2006, an increase of \$42,853 or 12.2%. The primary reason for the increase was the general increase in the interest rates from 2006 to 2007 and due to a higher amount invested in 2007 compared to the same period of 2006. Annualized investment yield, calculated as total interest and dividends divided by net average amount of total investments, was 2.8% for the second quarter of 2007, the same yield earned in the second quarter of 2006. Sales of securities during the second quarter of 2007 resulted in realized capital gains of \$867,775, compared to gains of \$545,466 in the second quarter of 2006. Gains recorded in the second quarter of 2007 primarily related to sales of equity securities. Proceeds of these sales were subsequently reinvested in other equity securities.

Six months ended June 30, 2007 compared to six months ended June 30, 2006:

We recorded net income of \$638,777 for the six months ended June 30, 2007 compared to \$391,987 for the six months ended June 30, 2006. The increase is due to a decrease of total losses and expenses and improvement in net investment income, offset by a decrease of net premiums earned.

Our net premiums earned for the first six months of 2007 were \$3,786,257 compared to \$4,255,031 for 2006. The change of \$468,774 represented an 11.0% decrease. This decrease is due to an adjustment for premiums over ceded to AmerInst in prior years. Premiums written in the six months ended June 30, 2007 were \$3,356,833 compared to \$4,053,052 for the same period in 2006. This decrease is due to an adjustment for premiums over ceded to AmerInst in prior years in the amount of \$670,863.

Our loss ratio for the first six months of 2007 was 71.2% compared to 74.4% for the same period of 2006. The loss ratio represents our management's current estimate of the effective loss rate selected in consultation with our independent consulting actuary. To determine total losses for the first six months of 2007 and 2006, we multiplied an estimated loss ratio of 70% times the AICPA Professional Liability Insurance Plan net premiums earned and have recorded additional reserves relating to the attorneys' professional liability plan in the six month periods ended June 30, 2007 and 2006. Our actual overall loss ratio for the year ended December 31, 2006 was 38.1%.

We expensed policy acquisition costs of \$1,070,597 in the first six months of 2007 compared to \$1,289,919 for the same period of 2006, a decrease of \$219,322 or 17.0%. These costs were 28.3% and 30.3% of premiums earned for the six-month periods ended June 30, 2007 and 2006, respectively. The decrease in policy acquisition costs in 2007 was due to the decrease in net premiums earned. Policy acquisition costs are the sum of ceding commissions paid to ceding companies, which are determined contractually pursuant to reinsurance agreements, and federal excise taxes paid on premiums written to ceding companies.

We recorded net underwriting income (net premiums earned less the sum of loss and loss adjustment expenses and policy acquisition costs) of \$18,330 for the six month period ended June 30, 2007 compared to a net underwriting loss of \$200,411 for the same period in 2006, an improvement of \$218,741. The improvement is due to a decrease in losses and loss adjustment expenses and policy acquisition costs for 2007 compared to 2006.

We realized capital gains of \$920,843 during the six months ended June 30, 2007 compared to \$965,202 in capital gains in the same period of 2006. Gains recorded in 2007 primarily related to sales of equity securities. Proceeds of these sales were reinvested in other equity securities. Net investment income through June 30, 2007 was \$789,245 compared to \$649,025 for the same period of 2006. Annualized investment yield for the six months ended June 30, 2007 was approximately 2.8% as compared to 2.6% for the first six months of 2006.

FINANCIAL CONDITION AND LIQUIDITY

As of June 30, 2007, our total investments were \$52,996,564, an increase of \$375,351, or 0.7%, from \$52,621,213 at December 31, 2006. The increase was primarily due to the improvement of unrealized gains on investments. Cash and cash equivalents and restricted cash and cash equivalents balances increased from \$2,840,210 at December 31, 2006 to \$3,913,114 at June 30, 2007, an increase of \$1,072,904, or 37.8%. The amount of cash and cash equivalents varies depending on the maturities of fixed term investments and on the level of funds invested in money market mutual funds. The ratio of cash and total investments to total liabilities at June 30, 2007 was 1.73:1, compared to a ratio of 1.72:1 at December 31, 2006.

Assumed reinsurance balances receivable are current assumed premiums receivable less commissions to the issuing carriers. This balance was a receivable of \$161,561 at June 30, 2007 and \$556,822 at December 31, 2006. This balance fluctuates due to the timing of renewal premiums written.

The Bermuda Monetary Authority previously authorized AmerInst Investment Company, Ltd. to purchase up to 20% of the Company's common shares from individuals who have died or retired from the practice of public accounting and on a negotiated case-by-case basis. Through August 1, 2007, AmerInst Investment Company, Ltd. had purchased 77,952 common shares, as adjusted for the share dividend, from individuals who have died or retired for a total purchase price of \$1,505,204. In addition, through that date, AmerInst Investment Company, Ltd. had purchased in negotiated transactions at various prices 65,904 common shares, as adjusted for the share dividend, for a total purchase price of \$755,228. See "Rights Offering" for a description of the sale of shares by AmerInst Investment Company, Ltd. in connection with the rights offering.

Cash Dividends

We paid our semi-annual dividend of \$0.45 per share, and paid a special dividend of \$0.70 per share, during the first quarter of 2007. Since AmerInst began paying dividends in 1995, our original shareholders have received approximately \$14.63 in cumulative dividends per share, which when measured by a total rate of return calculation has resulted in an

effective annual rate of return of approximately 10.9% from the inception of the Company, based on a per share purchase price of \$8.33 paid by the original shareholders, and using an unaudited book value of \$34.14 per share as of June 30, 2007. (All per share amounts in this paragraph have been adjusted retroactively to reflect the impact of the share dividend.)

Share Dividend

On March 2, 2006, the board of directors of AmerInst approved a share dividend of two shares of common stock for every share held by shareholders of record on April 2, 2006, subject to shareholder approval of an increase in the number of our authorized shares. Such approval was received at the AmerInst 2006 Annual General Meeting on June 1, 2006, which increased the authorized share capital of the Company from \$500,000 to \$2,000,000. The total issued shares were 331,751 prior to the share dividend and 995,253 afterwards.

Rights Offering

We filed a registration statement on Form S-3 with the SEC on June 15, 2006 to register a rights offering to existing shareholders. The registration statement was amended on July 20, 2006 and declared effective on July 24, 2006. Pursuant to the rights offering, which was mailed to shareholders on July 28, 2006, each shareholder received a right to purchase one of our common shares for each share currently owned, at a price of \$23.33 per share (after giving effect to the share dividend). Further information concerning the rights offering is contained in our prospectus dated July 28, 2006 and in our S-3 registration statement on file with the SEC. A total of 97,927 rights were exercised prior to October 4, 2006, the expiration date of the oversubscription right under the rights offering. As a result, 97,927 shares were subsequently sold by AmerInst Investment Company, Ltd. to shareholders exercising rights, for a total purchase price of \$2,284,637, before rights offering costs of \$277,057. Of these shares, 21,461 rights were exercised by AmerInst directors for a total purchase price of \$500,685.

For the forward-looking statements, we claim the protection of the safe harbor for forward-looking statements provided for in the Private Securities Litigation Reform Act of 1995. Such statements reflect our management's current views with respect to future events and are subject to certain risks, uncertainties and assumptions that could cause actual results to differ materially from those reflected in any forward-looking statements. Factors that might cause such actual results to differ materially from those reflected in any forward-looking statements include, but are not limited to (i) the occurrence of catastrophic events with a frequency or severity exceeding the Company's expectations; (ii) a decrease in the level of demand for reinsurance or an increase in the supply of reinsurance capacity; (iii) increased competitive pressures, including the consolidation and increased globalization of reinsurance providers; (iv) actual losses and loss expenses exceeding the Company's loss reserves, which are necessarily based on the actuarial and statistical projections of ultimate losses; (v) changing rates of inflation and other economic conditions; (vi) changes in the legal or regulatory environments in which we operate; and (vii) other risks, including those risks identified in any of our other filings with the Securities and Exchange Commission. The foregoing review of important factors should not be construed as exhaustive and should be read in conjunction with other cautionary statements that are included herein. Item 3. Quantitative and Qualitative Disclosures About Market Risk Inflation

We do not believe our operations have been materially affected by inflation. The potential adverse impacts of inflation include: (a) a decline in the market value of our fixed term investment portfolio; (b) an increase in the ultimate cost of settling claims which remain unresolved for a significant period of time; and (c) an increase in our operating expenses. However, we generally hold our fixed term investments to maturity and currently believe that the yield is adequate to compensate us for the risk of inflation. In addition, we expect that any increase from inflation in the ultimate cost of settling unpaid claims will be offset by investment income earned during the period when the claim is outstanding. Finally, the increase in operating expenses resulting from inflation should generally be matched by similar inflationary increases in our premium rates.

Market Sensitive Instruments

Market risk generally represents the risk of loss that may result from potential change in the value of a financial instrument due to a variety of market conditions. Our exposure to market risk is generally limited to potential losses arising from changes in the level of interest rates on market values of fixed term holdings and changes in the market values of equity securities. We do not hold or issue derivative financial instruments for either trading or hedging purposes.

(a) Interest Rate Risk.

Interest rate risk results from our holdings in interest-rate-sensitive instruments. We are exposed to potential losses on fixed rate instruments that we hold arising from changes in the level of interest rates. We are also exposed to credit spread risk resulting from possible changes in the issuer’s credit rating. To manage our exposure to interest rate risk we attempt to select investments with characteristics that match the characteristics of our related insurance liabilities. Additionally, we generally only invest in higher-grade interest bearing instruments.

(b) Foreign Exchange Risk.

We only invest in U.S. dollar denominated financial instruments and do not have any exposure to foreign exchange risk.

(c) Equity Price Risk

Equity price risk arises from fluctuations in the value of securities held. We invest in equity securities in order to diversify our investment portfolio, which our management believes will assist us in achieving our goal of long-term growth of capital and surplus. Our management has adopted investment guidelines that set out rate of return and asset allocation targets, as well as degree of risk and equity investment restrictions to minimize exposure to material risk from changes in equity prices.

The table below provides information about our investments available for sale that were sensitive to changes in interest rates at June 30, 2007 and December 31, 2006 respectively.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements required to be disclosed under Item 303 (a) (4) of Regulation S-K promulgated by the Securities and Exchange Commission.

Item 4. Controls and Procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15 under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective. There has been no change in our internal control over financial reporting identified in that evaluation that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
