**AMERINST INSURANCE GROUP, LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
June 30, 2006****Basis of Presentation**

The condensed consolidated financial statements included herein have been prepared by AmerInst Insurance Group, Ltd. (“AmerInst”) without audit, pursuant to the rules and regulations of the Securities and Exchange Commission, and reflect all adjustments consisting of normal recurring accruals, which are, in the opinion of management, necessary for a fair presentation of the results of operations for the periods shown. These statements are condensed and do not incorporate all the information required under generally accepted accounting principles to be included in a full set of financial statements. It is suggested that these condensed statements be read in conjunction with the consolidated financial statements at and for the year ended December 31, 2005 and notes thereto, included in AmerInst’s annual report for the year then ended.

Tender Offer

On December 17, 2004, AmerInst, through its indirect wholly owned subsidiary, AmerInst Investment Company, Ltd. commenced a “modified Dutch auction” self-tender offer for AmerInst shares. Pursuant to the tender offer, which expired on January 21, 2005, 65,959 shares were accepted for purchase at a price of \$60.00 per share, for a total purchase price of \$4,298,229, including tender offer expenses of \$340,698. (The number of shares purchased in the tender offer and the per share price are not adjusted to reflect the share dividend described below.)

Share Dividend

On March 2, 2006, the board of directors of AmerInst approved a share dividend of two shares of common stock for every share held by shareholders of record on April 2, 2006, subject to shareholder approval of an increase in the number of our authorized shares. Such approval was received at the AmerInst 2006 Annual General Meeting on June 1, 2006, which increased the authorized share capital of the Company from \$500,000 to \$2,000,000. The total issued shares were 331,751 prior to the share dividend and 995,253 afterwards.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**OVERVIEW**

Unless otherwise indicated by the context, in this quarterly report we refer to AmerInst Insurance Group, Ltd. and its subsidiaries as the “Company,” “we” or “us.” Also, unless otherwise indicated by the context, “AmerInst” means the parent company, AmerInst Insurance Group, Ltd.

Our primary purpose is to maintain an insurance company which is intended to exert a stabilizing influence on the design, pricing and availability of accountants’ professional liability insurance. Historically, the sole business activity of our wholly owned insurance company subsidiary, AmerInst Insurance Company, Ltd., has been to act as a reinsurer of professional liability insurance policies that are issued under the Professional Liability Insurance Plan sponsored by the American Institute of Certified Public Accountants (“AICPA”). The AICPA plan offers professional liability coverage to accounting firms and individual certified public accountants (“CPAs”) in all 50 states. Currently, approximately 24,000 accounting firms and individual CPAs are insured under this plan. During 2003, we also reinsured attorneys’ professional liability. Effective June 1, 2005, we accepted a 5% share in the first excess layer of \$2,000,000 excess of \$1,000,000 of CAMICO Mutual Insurance Company (“CAMICO”), a California-based writer of accountants’ professional liability business. We continue to look for ways in which it may be advantageous to expand our business to include the reinsurance of lines of coverage other than accountants’ professional liability. Any such expansion may be subject to our obtaining regulatory approvals.

Our reinsurance activity depends upon agreements with outside parties. In August 1993 we began the current reinsurance relationship with CNA, taking a 10% participation of the first \$1,000,000 of liability of each policy written under the AICPA plan. Effective in December 1999, we began taking a 10% share of CNA’s “value plan” business. The “value plan” provides for separate limits up to \$1,000,000 for losses and separate limits up to \$1,000,000 for expenses per occurrence and \$2,000,000 in the aggregate. The maximum limits under the “value plan” are \$2,000,000 per occurrence and \$4,000,000 in the aggregate.

Third-party Managers and Service Providers

USA Risk Group (Bermuda) Ltd. provides the day-to-day services necessary for the administration of our business. Shareholder services are furnished by USA Risk Group of Vermont, Inc., an affiliate of USA Risk Group (Bermuda) Ltd.

The Country Club Bank of Kansas City, Missouri, provides portfolio management of fixed-income securities and directs our investments pursuant to guidelines approved by us. Harris Associates, L.P., Harris Alternatives Investment Group, and Northeast Investment Management, Inc. provide discretionary investment advice with respect to our equity investments.

Professional Liability Coverage

The form of professional liability policy issued by CNA which we ultimately reinsure is a Professional Liability Company Indemnity Policy form. The coverage provided under this policy is on a "claims made" basis, which means the policy covers only those losses resulting from claims asserted against the insured during the policy period. The insuring clause of the policy, which indemnifies for losses caused by acts, errors or omissions in the insured's performance of professional accounting services for others, is in three parts:

Clause A indemnifies the accounting firm insured and, unless excluded by endorsements, any predecessor firms;

Clause B indemnifies any accountant or accounting firm while performing professional accounting services under contract with the insured;

Clause C indemnifies any former or new partner, officer, director or employee of the firm or predecessor firms.

Depending on the insured, defense costs for the policies issued by CNA (and reinsured by us) are either within the policy limits or in addition to policy limits. CNA charges additional premium to cover the cost of providing defense costs in addition to the policy limits under its "value plan." Insureds under the value plan have separate limits for losses and defense costs. Settlements are made only with the written consent of the insured. However, if the insured contests the settlement recommended by the insurer, those policies will only cover costs that do not exceed the lesser of the amount for which the claim could have been settled or the policy limits.

Effective January 1, 2003, we entered into a 15% quota share participation of the attorneys' professional liability coverage provided by Professionals Direct. This participation terminated on December 31, 2003.

Effective June 1, 2005, we accepted a 5% share in CAMICO's first excess layer of \$2,000,000 excess of \$1,000,000. The contract renewed on June 1, 2006.

OPERATIONS

Three months ended June 30, 2006 compared to three months ended June 30, 2005:

We recorded net income of \$249,984 for the second quarter ended June 30, 2006 compared to a net income of \$285,592 for the same period of 2005. The decrease is due to additional losses recorded for the attorney's professional liability plan, offset by an increase in net investment income. Our earned premiums for the second quarter ended June 30, 2006 were \$2,205,374 compared to \$2,301,932 for the second quarter ended June 30, 2005, a decrease of 4.2%. Net premiums written for the second quarter of 2006 were \$1,636,249, compared to \$2,144,877 for the same period of 2005, a decrease of \$508,628 or 23.7%. The decrease in net premiums written was primarily attributable to a difference in the timing of premiums ceded to AmerInst in the second quarter of 2006 compared to the same period in 2005. This reduction is not considered a trend and we expect that annual written premiums will be consistent with the prior year.

Our loss ratio for the second quarter of 2006 was 76.2%, compared to 71.1% for the same period of 2005. The loss ratio represents our management's current estimate of the effective loss rate selected in consultation with our independent consulting actuary. To determine total losses for the second quarter of 2006, we multiplied an estimated loss ratio of 70% times the sum of AICPA Professional Liability Insurance Plan and CAMICO net premiums earned, and have recorded additional reserves relating to the attorneys' professional liability plan. For the second quarter of 2005, to determine total losses we multiplied an estimated loss ratio of 70% times the AICPA Professional Liability Insurance Plan current premiums earned and recorded additional reserves relating to the attorney's professional liability plan. Our actual overall loss ratio for the year ended December 31, 2005 was 45.2%.

We expensed policy acquisition costs of \$639,751 in the second quarter of 2006 compared to \$679,761 for the same period of 2005, a decrease of \$40,010 or 5.9%. These costs were 29.0% and 29.5% of net premiums earned for the quarters ended June 30, 2006 and 2005, respectively. Policy acquisition costs are the sum of ceding commissions paid to ceding companies, determined contractually pursuant to reinsurance agreements, and federal excise taxes paid on premiums written to ceding companies.

We incurred operating and management expenses of \$532,690 in the second quarter of 2006 compared to \$540,083 for the same period of 2005, a decrease of \$7,393 or 1.4%.

We recorded a net underwriting loss (net premiums earned less the sum of loss and loss adjustment expenses and policy acquisition costs) of \$115,028 for the second quarter of 2006 compared to net underwriting loss of \$14,018 for the same period of 2005, a decrease of \$101,010. The decline in the net underwriting results in the second quarter of 2006 is primarily attributable to additional losses recorded for the attorneys' professional liability plan.

We recorded net investment income of \$352,236 in the second quarter of 2006 compared to \$302,878 for the same period of 2005, an increase of \$49,358, or 16.3%. The primary reason for the increase was an increase in the dividend income on the equity portfolio due to improvement of dividend payouts on certain holdings. In addition, the general increase in the interest rates in 2006 also contributed to the increase. Annualized investment yield, calculated as the net investment income divided by net average amount of total investments, was 2.8% for the second quarter of 2006, an increase from the 2.5% yield earned in the second quarter of 2005. The improvement in investment yield was, as indicated above, due to a general increase in interest rates from 2005 to 2006. Sales of securities during the second quarter of 2006 resulted in realized capital gains of \$545,466, compared to gains of \$536,815 in the second quarter of 2005. Gains recorded in the second quarter of 2006 primarily related to sales of equity securities. Proceeds of these sales were subsequently reinvested in other equity securities.

Six months ended June 30, 2006 compared to six months ended June 30, 2005:

We recorded net income of \$391,987 for the six months ended June 30, 2006 compared to \$603,328 for the six months ended June 30, 2005. The decrease is due to a decline in net premiums earned and an increase in recorded losses and loss adjustment expenses as a result of additional losses recorded for the attorneys' professional liability plan, and operating and management expenses, offset by an increase in net investment income.

Our net premiums earned for the first six months of 2006 were \$4,255,031 compared to \$4,466,848 for 2005. The change of \$211,817 represented a 4.7% decrease. Premiums written in the six months ended June 30, 2006 were \$4,053,052 compared to \$4,424,824 for the same period in 2005.

Our loss ratio for the first six months of 2006 was 74.4% compared to 71.0% for the same period of 2005. The loss ratio represents our management's current estimate of the effective loss rate selected in consultation with our independent consulting actuary. To determine total losses for the first six months of 2006 and 2005, we multiplied an estimated loss ratio of 70% times the AICPA Professional Liability Insurance Plan net premiums earned and have recorded additional reserves relating to the attorneys' professional liability plan in the six months period ended June 30, 2006 and 2005. Our actual overall loss ratio for the year ended December 31, 2005 was 45.2%.

We expensed policy acquisition costs of \$1,289,919 in the first six months of 2006 compared to \$1,318,411 for the same period of 2005, a decrease of \$28,492 or 2.2%. These costs were 30.3% and 29.5% of premiums earned for the six-month periods ended June 30, 2006 and 2005, respectively. The decrease in policy acquisition costs in 2006 was due to the decrease in net premiums earned. Policy acquisition costs are the sum of ceding commissions paid to ceding companies, which are determined contractually pursuant to reinsurance agreements, and federal excise taxes paid on premiums written to ceding companies.

We recorded a net underwriting loss (net premiums earned less the sum of loss and loss adjustment expenses and policy acquisition costs) of \$200,411 for the six month period ended June 30, 2006 compared to a net underwriting loss of \$3,193 for the same period in 2005, a decrease of \$197,218. The decline of the underwriting results in 2006 was primarily due to a decrease in net premiums earned and an increase in net incurred losses as a result of recording additional reserves for the attorneys' professional liability plan.

We realized capital gains of \$965,202 during the six months ended June 30, 2006 compared to \$962,224 in capital gains in the same period of 2005. Gains recorded in 2006 primarily related to sales of equity securities. Proceeds of these sales were reinvested in other equity securities. Net investment income through June 30, 2006 was \$649,025 compared to \$538,052 for the same period of 2005. Investment yield for the six months ended June 30, 2006 was approximately 2.6% as compared to 2.1% for the first six months of 2005.

FINANCIAL CONDITION AND LIQUIDITY

As of June 30, 2006, our total investments were \$49,257,595, an increase of \$3,005,574, or 6.5%, from \$46,252,021 at December 31, 2005. The increase was primarily due to the purchase of fixed income securities from available cash and cash equivalents, offset by a decrease in unrealized gains on investments. As a result of these purchases, cash and cash equivalents and restricted cash and cash equivalents balances decreased from \$3,447,361 at December 31, 2005 to \$2,347,084 at June 30, 2006, a decrease of \$1,100,277, or 31.9%. The amount of cash and cash equivalents varies depending on the maturities of fixed term investments and on the level of funds invested in money market mutual funds. The ratio of cash and total investments to total liabilities at June 30, 2006 was 1.46:1, compared to a ratio of 1.50:1 at December 31, 2005.

Assumed reinsurance balances receivable/payable are the aggregate of current assumed premiums receivable less commissions and losses payable to the issuing carriers. This balance was a receivable of \$710,535 at December 31, 2005 and a payable of \$65,157 at June 30, 2006. This balance fluctuates due to the timing of renewal premiums written.

The Bermuda Monetary Authority has authorized AmerInst Investment Company, Ltd. to purchase up to 20% of the Company's common shares from individuals who have died or retired from the practice of public accounting and on a negotiated case-by-case basis. Through August 1, 2006, AmerInst Investment Company, Ltd. had purchased in negotiated transactions at various prices 55,599 common shares, as adjusted for the share dividend, for a total purchase price of \$615,513. In addition, through that date, AmerInst Investment Company, Ltd. had purchased 77,127 common shares, as adjusted for the share dividend, from individuals who had died or retired, for a total purchase price of \$1,170,803.

We paid our semi-annual dividend of \$0.43 per share during the first quarter of 2006. The board of directors currently expects that the next semi-annual dividend of \$0.43 per share will occur during the third quarter of 2006. Since AmerInst began paying dividends in 1995, our original shareholders have received approximately \$13.03 in cumulative dividends per share, which when measured by a total rate of return calculation has resulted in an effective annual rate of return of approximately 9.8% from the inception of the Company, based on a per share purchase price of \$8.33 paid by the original shareholders, and using an unaudited book value of \$27.11 per share as of June 30, 2006. (All per share amounts in this paragraph have been adjusted retroactively to reflect the impact of the share dividend.)

Share Dividend

On March 2, 2006, the board of directors of AmerInst approved a share dividend of two shares of common stock for every share held by shareholders of record on April 2, 2006, subject to shareholder approval of an increase in the number of our authorized shares. Such approval was received at the AmerInst 2006 Annual General Meeting on June 1, 2006, which increased the authorized share capital of the Company from \$500,000 to \$2,000,000. The total issued shares were 331,751 prior to the share dividend and 995,253 afterwards.

Rights Offering

We have filed a registration statement on Form S-3 with the SEC to register a rights offering to existing shareholders. Pursuant to the rights offering, which was mailed to shareholders on July 28, 2006, each shareholder received a right to purchase one of our common shares for each share currently owned, at a price of \$23.33 per share (after giving effect to the share dividend). There can be no assurance as to what extent, if any, the rights will be exercised. Further information concerning the rights offering is contained in our prospectus dated July 28, 2006 and in our S-3 registration statement on file with the SEC.

Such statements reflect our management's current views with respect to future events and are subject to certain risks, uncertainties and assumptions that could cause actual results to differ materially from those reflected in any forward-looking statements. Factors that might cause such actual results to differ materially from those reflected in any forward-looking statements include, but are not limited to (i) the occurrence of catastrophic events with a frequency or severity exceeding the Company's expectations; (ii) a decrease in the level of demand for reinsurance or an increase in the supply of reinsurance capacity; (iii) increased competitive pressures, including the consolidation and increased globalization of reinsurance providers; (iv) actual losses and loss expenses exceeding the Company's loss reserves, which are necessarily based on the actuarial and statistical projections of ultimate losses; (v) changing rates of inflation and other economic conditions; (vi) changes in the legal or regulatory environments in which we operate; and (vii) other risks, including those risks identified in any of our other filings with the Securities and Exchange Commission. The foregoing review of important factors should not be construed as exhaustive and should be read in conjunction with other cautionary statements that are included herein. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect our management's analysis only as of the date they are made. Item 3. Quantitative and Qualitative Disclosures About Market Risk

Inflation

We do not believe our operations have been materially affected by inflation. The potential adverse impacts of inflation include: (a) a decline in the market value of our fixed term investment portfolio; (b) an increase in the ultimate cost of settling claims which remain unresolved for a significant period of time; and (c) an increase in our operating expenses. However, we generally hold our fixed term investments to maturity and currently believe that the yield is adequate to compensate us for the risk of inflation. In addition, we expect that any increase from inflation in the ultimate cost of settling unpaid claims will be offset by investment income earned during the period when the claim is outstanding. Finally, the increase in operating expenses resulting from inflation should generally be matched by similar inflationary increases in our premium rates.

Market Sensitive Instruments

Market risk generally represents the risk of loss that may result from potential change in the value of a financial instrument due to a variety of market conditions. Our exposure to market risk is generally limited to potential losses arising from changes in the level of interest rates on market values of fixed term holdings and changes in the market values of equity securities. We do not hold or issue derivative financial instruments for either trading or hedging purposes.

(a) Interest Rate Risk.

Interest rate risk results from our holdings in interest-rate-sensitive instruments. We are exposed to potential losses on fixed rate instruments that we hold arising from changes in the level of interest rates. We are also exposed to credit spread risk resulting from possible changes in the issuer's credit rating. To manage our exposure to interest rate risk we attempt to select investments with characteristics that match the characteristics of our related insurance liabilities. Additionally, we generally only invest in higher-grade interest bearing instruments.

(b) Foreign Exchange Risk.

We only invest in U.S. dollar denominated financial instruments and do not have any exposure to foreign exchange risk.

(c) Equity Price Risk

Equity price risk arises from fluctuations in the value of securities held. We invest in equity securities in order to diversify our investment portfolio, which our management believes will assist us in achieving our goal of long-term growth of capital and surplus. Our management has adopted investment guidelines that set out rate of return and asset allocation targets, as well as degree of risk and equity investment restrictions to minimize exposure to material risk from changes in equity prices.

The table below provides information about our investments available for sale that were sensitive to changes in interest rates at June 30, 2006 and December 31, 2005 respectively.

	Estimated Fair Value 06/30/2006	Estimated Fair Value 12/31/2005

See Item 7A of our 2005 Annual Report on Form 10-K for additional discussion of market risk.

Item 4. Controls and Procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15 under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective. There has been no change in our internal control over financial reporting identified in that evaluation that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
