SHARES OUTSTANDING AND VOTING RIGHTS

Only shareholders of record at the close of business on April 15, 2019, are entitled to vote at the Annual General Meeting. The only issued and outstanding voting stock is our common stock, \$1.00 par value per share (“Common Stock”), of which 995,253 shares were outstanding on the record date. Each share of Common Stock is entitled to one vote. To hold the Annual General Meeting, we need at least two persons present in person at the Annual General Meeting and representing in person or by proxy at least one-third of the total issued and outstanding shares of Common Stock.

In order to assure the presence of a quorum, we urge you to promptly complete, sign, date and return the enclosed proxy card, whether or not you plan to attend the Annual General Meeting in person.

Each of the matters intended to be presented at the Annual General Meeting and described in this proxy statement requires the affirmative vote of the majority of votes cast thereon. If you are otherwise entitled to vote, your vote may be cast in person or by proxy. On the proposal to ratify the appointment of Deloitte Ltd., you can vote to “abstain.” If you vote to “abstain,” your shares will not be counted in the determination of the shares of Common Stock voting on such matter, but are counted for quorum purposes. Broker non-votes are also not counted in the vote but are counted for quorum purposes. If you own shares held of record by another person and want to vote in person, you must obtain a legal proxy from the record holder and bring it to the Annual General Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the U.S. Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of our Common Stock, to file reports of ownership with the SEC. These persons are also required to furnish us with copies of all Section 16(a) forms they file.

Aside from the one instance discussed in the paragraph below and based solely upon a review of these reports received by us during 2018 and any written representations from reporting persons, we believe that during 2018 each required Section 16(a) report was filed on time.

As of January 1, 2011, Thomas B. Lillie was no longer a shareholder or a board member of Lewis & Knopf, P.C., and thus, was no longer the beneficial owner of 1,899 shares of the Company's Common Stock owned by Lewis & Knopf, P.C. This change in beneficial ownership was not filed on Form 4, but on February 6, 2019, a Form 5 was filed to reflect this change.

Certain Relationships and Related Persons Transactions

We recognize that transactions between us and any of our directors or executive officers can present potential or actual conflicts of interest and create the appearance that our decisions are based on considerations other than our and our shareholders' best interests. Therefore, as a general matter, it is our preference to avoid these types of transactions. Nevertheless, we recognize that there are situations where these types of transactions may be in, or may not be inconsistent with, our best interests. Therefore, our ethics policy prohibits us from entering into these types of transactions, except those approved or ratified by the Board of Directors. The Board of Directors has adopted a Code of Ethics applicable to our President and our financial and accounting officers, which may be viewed at our website, <http://www.amerinst.bm/investor-information/>. Our Code of Ethics is designed to comply with Securities and Exchange Commission requirements. We will disclose any amendments to, or waivers from, the Code of Ethics on our website within four business days of such determination. We do not have any formal written policy separately addressing transactions reported under Item 404(a) of the SEC's Regulation S-K. The only transaction during 2018 reportable under Item 404(a) was the payment for management services to Citadel Management Bermuda Limited ("Citadel Management"). This payment was made pursuant to our management agreement with Citadel Management, which was approved at the time it was originally entered into and at the time of each subsequent amendment by all of our directors not affiliated with Citadel Management. Any amendments, new management agreements or other payments to Citadel Management will be subject to the same approval process.

Citadel Management provides management services to us pursuant to a management agreement. We paid Citadel Management \$327,500 pursuant to this agreement during 2018. Mr. McMahon, who serves as our Treasurer and Chief Financial Officer, is the President and a shareholder of Citadel Management. The approximate dollar value of Mr. McMahon's interest in the foregoing transaction, without regard to profits or losses, was \$53,492.

ITEM 1—ELECTION OF DIRECTORS

Our Board currently has seven members. Our bye-laws provide that the Board shall have no fewer than five and no more than nine directors. Our bye-laws divide the directors into three classes. The directors in a given class are elected for three-year terms, and the term of each class expires in successive years. Our Board, upon the recommendation of our Governance and Nominating Committee, has nominated Stuart H. Grayston, Jerome A. Harris, and David N. Thompson, whose terms expire this year, to stand again for election to the Board. If elected, Messrs. Grayston, Harris, and Thompson would each serve a three-year term expiring at the 2022 Annual General Meeting, or until his successor is duly elected and qualified. Unless you otherwise instruct us, your properly executed proxy will be voted for the election of Messrs. Grayston, Harris, and Thompson. If any of the nominees are unable to serve, the enclosed proxy confers authority upon the designated proxies to vote in favor of such other person to serve in place of such nominee as the Board recommends.

Qualifications of Directors

The following paragraphs provide information (i.e., age, all positions held, principal occupation and business experience for the past five years, and names of other publicly held companies for which he serves as a director or has served as a director during the past five years), as of the date of this Proxy Statement, about each nominee and incumbent director. While the following paragraphs note certain individual qualifications and skills of our nominees and incumbent directors that contribute to the Board's effectiveness as a whole, we also believe that each nominee and incumbent director has a reputation for integrity, honesty, and adherence to high ethical standards. The Board believes that each has demonstrated strong leadership skills, business acumen and an ability to exercise sound judgment, as well as a commitment of service to our shareholders. Additionally, there are no family relationships between any of our directors, executive officers, or any person nominated or chosen to become a director or executive officer.

Board Leadership Structure

Our Board is led by our Chairman of the Board. Currently, the positions of President (our principal executive officer) and Chairman are held by different persons. The Board does not have a formal policy as to whether the roles of Chairman and President should be separate. At this time, the Board has determined that separating these roles and having an independent director serve as Chairman of the Board is in our best interests and the best interests of our shareholders. The President supervises and administers all of our general business and affairs and the Chairman sets the agenda for, and presides over, meetings of the Board. The Board believes that this structure helps to separate the role of the Chairman in managing the Board, which serves in an oversight capacity, from the oversight responsibilities of the President with regard to managing our day-to-day operations by our third-party management company, Citadel Management Bermuda Limited.

Risk Management

The Board believes that risk management is an important component of our corporate strategy. Although the full Board has responsibility for the general oversight of risks, it primarily conducts its risk oversight function through committees, including the Audit Committee and the Governance and Nominating Committee, as well as other committees. The Board is regularly informed through committee reports about our risks and discusses and reviews with management major policies with respect to risk assessment and risk management. Finally, the Board believes the separate roles of Chairman and President (our principal executive officer) assists us in our ability to implement major policies addressing our risks.

Independent Directors

Our Board has determined that Messrs. Diamond, Gillman, Harris, Klunk, Lillie, and Thompson are independent members of our Board under the Nasdaq Marketplace Rules, which we have selected for purposes of determining the independence of our directors and director nominees. There were no transactions, relationships or arrangements considered by the Board of Directors in determining the independence of the foregoing directors which were not disclosed pursuant to Item 404(a) of Regulation S-K.

Meetings and Committees of the Board

There were seven standing committees of the Board during 2018, constituted as follows:

<u>Committee</u>	<u>Members</u>
Audit Committee	Messrs. Gillman (chair), Lillie and Klunk
Compensation Committee	Messrs. Diamond (chair), Harris and Klunk
Finance Committee	Messrs. Klunk (chair), Grayston and Gillman
Investment Committee	Messrs. Lillie (chair), Thompson and Grayston
Governance and Nominating Committee	Messrs. Harris (chair), Thompson and Lillie
Strategic Planning Committee	Messrs. Grayston (chair), Diamond, Harris and Thompson
Underwriting, Actuarial and Reinsurance Committee	Messrs. Thompson (chair), Harris and Lillie

The seven standing committees, have and may exercise the full power of the Board on matters within the scope of the respective committee's functions, including the annual audit of our financial statements; review and approval of our fiscal year budget; our investment activity and consideration of various opportunities and options available to us; consideration of nominees to the Board; coordination of press releases and other communications with the public; ownership, transfer or redemption of our Common Stock; and the review and negotiation of reinsurance contracts.

Because none of our executive officers, other than Mr. Nieman in his capacity as an executive officer of Protexure, now receive, nor have historically received, compensation from us for their position as an officer, we have not historically had a standing compensation committee. However, our Board of Directors formed a Compensation Committee in June 2016 and Messrs. Diamond, Harris and Klunk currently serve as members of our Compensation Committee. The Compensation Committee does not have a written charter, but operates under delegated authority from the full Board for matters within its purview. Our Board has determined that Messrs. Diamond, Harris, and Klunk satisfy the Nasdaq independence standards for directors serving on the Compensation Committee. Our Compensation Committee determines the compensation paid to Mr. Nieman and our other executive officers, which is set by the Compensation Committee based on factors it deems relevant in making such determinations. In 2018, the Compensation Committee engaged Pearl Meyer & Partners, LLC ("Pearl Meyer"), a compensation consulting firm, to assist the committee in: (i) reviewing and analyzing executive compensation packages for the executive officers of Protexure, (ii) conducting an independent review of compensation practices at similarly situated companies in our industry and (iii) making executive compensation recommendations to the Compensation Committee. Pearl Meyer issued a report containing its recommendations regarding executive

compensation matters. The Compensation Committee has completed their review of this report and have implemented recommendations to executive compensation, and are currently finishing recommended changes to the phantom stock plan. We are not aware of any work done by Pearl Meyer that could raise a conflict of interest that would be required to be disclosed in the proxy statement under applicable SEC rules.

The Board held a total of three meetings during 2018. All of our directors attended at least 75% of all Board meetings and committee meetings on which each director serves. During 2018, the Audit Committee met seven times; the Compensation Committee two times; the Finance Committee met three times; the Investment Committee met seven times; the Governance and Nominating Committee met three times; the Strategic Planning Committee met four times; and the Underwriting, Actuarial, and Reinsurance Committee met six times.

The Board has adopted a written charter for the Audit Committee, which is available at <http://www.amerinst.bm/investor-information/>. The Audit Committee has the authority to consider the qualifications of our independent auditors and make recommendations to the Board as to their suitability for recommendation to the shareholders for appointment; approve any material, non-audit services to be rendered by such independent auditors; and review and resolve any differences of opinion between such independent auditors and management concerning our financial statements. The Audit Committee's functions include selecting our independent auditors; reviewing the arrangements for, and scope of, the independent auditors' examination; meeting with the independent auditors and certain of our officers to review the adequacy and appropriateness of our system of internal controls and reporting, our critical accounting policies, and our public financial disclosures; ensuring compliance with our code of ethics; and performing any other duties or functions deemed appropriate by the Board. Messrs. Gillman, Lillie, and Klunk are currently the members of the Audit Committee. Our Board has determined that all of the members of the Audit Committee satisfy the independence requirements for Audit Committee members under the Nasdaq Marketplace Rules and that each member of the Audit Committee qualifies as an "audit committee financial expert" under the rules and regulations of the SEC.

We do not have a formal policy regarding attendance by members of our Board at our annual general meetings, although we strongly encourage our directors to attend such meetings. All of our directors attended the 2018 Annual General Meeting in person.

Board Member Nominations

The Governance and Nominating Committee operates under a written charter, which is available at <http://www.amerinst.bm/investor-information/>.

The Governance and Nominating Committee reviews and makes recommendations to the full Board regarding the composition and size of the Board so that the Board consists of members with the proper expertise, skills, attributes, and personal and professional backgrounds needed by the Board, consistent with the Nasdaq Marketplace Rules. The Governance and Nominating Committee believes that all directors, including nominees, should possess the highest personal and professional ethics, integrity, and values, and be committed to representing the long-term interests of our shareholders. The Governance and Nominating Committee endeavors to have a Board of which all the members have experience in the accounting profession and a background in the business of professional liability insurance or similar areas. The Governance and Nominating committee will consider, when appropriate, other criteria useful to our current and prospective businesses in the nomination process. The Governance and Nominating Committee does not have a formal policy on diversity.

If you are a shareholder entitled to vote at our Annual General Meetings, you may nominate one or more persons for election as a director at the Annual General Meeting. The Governance and Nominating Committee will consider recommendations for nominees for directorships submitted by shareholders and will apply the same evaluation to such recommendations submitted by a shareholder as recommendations submitted by any other person or entity. Shareholders who wish the Governance and Nominating Committee to consider their recommendations for nominees for director should submit their recommendations in writing to the Governance

and Nominating Committee in care of the Corporate Secretary at our principal executive offices, in the manner described in the section below entitled “Director Nominations.” Our Board has determined that all of the members of the Governance and Nominating committee are independent as determined under the Nasdaq Marketplace Rules.

Shareholder Communications with the Board of Directors

Any shareholder or other interested party who has a concern or inquiry may communicate directly with either our independent directors or the full Board. Shareholder Relations will receive all such communications on behalf of the non-employee directors and the full Board. Communications may be confidential or anonymous, and may be submitted in writing to Shareholder Relations, AmerInst Insurance Group, Ltd., c/o Citadel Management Bermuda Limited, 25 Church Street, Continental Building, P.O. Box HM 1601, Hamilton, HM GX, Bermuda. All written communications will be received and processed by our Corporate Secretary and all substantive communications will be referred to Shareholder Relations. All such communications will be reviewed and, if necessary, investigated or addressed by Shareholder Relations and the status of such communications will be reported to the full Board on a regular basis.

Report of the Audit Committee

TO OUR FELLOW SHAREHOLDERS:

The Audit Committee, which operates under a written charter adopted by the Board, monitors the Company’s financial reporting process on behalf of the Board. This report reviews the actions taken by the Audit Committee with regard to the Company’s financial reporting process during 2018 and particularly with regard to the Company’s audited financial statements.

The Audit Committee believes that it has taken the actions necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee’s charter. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements to be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with Deloitte Ltd. their judgments as to quality (rather than just the acceptability) of the Company’s accounting principles and such other matters as are required to be discussed with the Audit Committee in accordance with the Public Company Accounting Oversight Board standards. In addition, the Audit Committee discussed with Deloitte Ltd., the auditor’s independence from management and the Company, including the written disclosures, letter, and other matters required of Deloitte Ltd. by the Public Company Accounting Oversight Board. Additionally, the Audit Committee discussed with the Company’s independent auditors the overall scope and plan for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company’s internal controls, and the overall quality of the Company’s financial reporting.

Based upon these reviews and discussions, the Audit Committee has recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018, for filing with the U.S. Securities and Exchange Commission.

By the Audit Committee:

Dated March 22, 2019

Jeffrey I. Gillman, Chairman
Thomas B. Lillie
David R. Klunk

Director Compensation

Our full Board sets the compensation for our directors. The Board generally considers whether any change from the prior year’s compensation is appropriate to account for inflation or other factors the Board may deem appropriate. Currently, the directors are paid an annual retainer of \$25,000. Of this amount, \$10,000 is paid in Common Stock.

In addition to the annual retainer, the directors are also paid \$800 per half-day for each Board meeting and \$200 per hour for each committee meeting attended during the calendar year. Directors are entitled to receive compensation and reimbursement for expenses incurred in attending board or committee meetings or when otherwise acting on our behalf. The Chairman of the Board, as well as the chairman of the Audit Committee and the chairman of the Governance and Nominating Committee, each receives an additional annual retainer of \$10,000. The chairman of each other committee receives an additional annual retainer of \$5,000.

The following table discloses the compensation received by each of our non-executive directors in 2018:

Executive Employment Agreements

The following is a summary of the terms of the employment agreements or arrangements between us and our named executive officers.

Stuart H. Grayston

Mr. Grayston serves as our President but is not compensated for his services in such capacity. Mr. Grayston does receive compensation from us for service on the Board as one of our directors in the manner described above under the section captioned “Item 1—Election of Directors—Director Compensation”.

F. Kyle Nieman III

On November 24, 2009, Protexure entered into an employment agreement (the “Employment Agreement”) with F. Kyle Nieman III with an initial term ending December 31, 2012 (with automatic one-year renewals thereafter) pursuant to which Mr. Nieman serves as President and Chief Executive Officer of Protexure. Mr. Nieman and Protexure agreed to amend the Employment Agreement on March 1, 2013 and December 31, 2014. We do not believe that either amendment to the Employment Agreement was material. The material terms of the Employment Agreement, as amended, include the following:

- The Board will determine, on an annual basis prior to October 15th of each year, Mr. Nieman’s annual salary for the following year. For the 2019 fiscal year, Mr. Nieman will be entitled to a base salary of \$347,500. He will be eligible to receive annual bonuses based on meeting or exceeding certain revenue and operating income targets for Protexure.
- Mr. Nieman will be entitled to full participation in all benefits plans and programs for which Protexure’s senior officers are or shall become eligible.

- Contingent upon Mr. Nieman qualifying for a bonus, Mr. Nieman will be eligible to receive options to purchase shares of Common Stock over a five-year period at a price equal to the fair market value of the Common Stock as of the date each option is granted.
- On January 1, 2010, Protexure created an account on behalf of Mr. Nieman comprised of approximately 37,509 phantom shares of Common Stock (calculated as \$1,500,000 divided by \$39.99, the then-current value of a share of Common Stock at December 31, 2009). The phantom shares are eligible for phantom dividends at the same rate paid on regular shares of Common Stock. The phantom dividends may be used only to purchase additional phantom shares. The purchase price of the phantom shares will be the then-current value of the Common Stock. As of December 31, 2018, Mr. Nieman's account consisted of 44,238 phantom shares. Mr. Nieman's interest in the phantom shares is fully vested. The proceeds of the phantom shares, less the initial value of \$1,500,000, are to be paid in cash to Mr. Nieman at age 65 if retired, or within 60 days in the event of his death or permanent disability. If Mr. Nieman is terminated other than for cause, the value of the phantom shares, less the initial value of \$1,500,000, is to be paid in cash following such termination. If Mr. Nieman resigns or is terminated for cause, the value of the phantom shares, less the initial value of \$1,500,000, is to be paid in cash in five equal annual installments the first of which would be paid 30 days after the effective date of the termination or resignation. If there is a change in control of Protexure, other than a transaction between us and any of our affiliates or subsidiaries, Mr. Nieman will have the right to receive the proceeds immediately. In the event of a sale or merger of us, for each share of phantom stock held, Mr. Nieman will be paid the aggregate value of the phantom shares based on the per share value used in the sale or the merger, less the initial account value of \$1,500,000.
- If Protexure terminates Mr. Nieman other than for "cause," he is entitled to receive 12 months of compensation, less all applicable and usual deductions.
- If Mr. Nieman terminates his employment with Protexure, Protexure will have no further obligations to Mr. Nieman including, the payment of annual compensation, benefits or any other sums other than as described in the paragraph above. However, Mr. Nieman shall be entitled to sums pursuant to the terms of any plans under which he was receiving any benefits, or as otherwise provided by law, and the value of his phantom shares (less the initial account value of \$1,500,000). The proceeds of any phantom shares will be paid to him in five equal annual installments, the first of which would be paid 30 days after the effective date of the termination.
- If Mr. Nieman terminates his employment because Protexure materially diminishes his duties as President and Chief Executive Officer of Protexure or significantly reduces his annual compensation or benefits, Mr. Nieman would be entitled to all rights and benefits under the terms of this Employment Agreement as if he were terminated other than for "cause."
- If Mr. Nieman terminates his employment with Protexure under circumstances other than those where Protexure has materially diminished his duties, during the 24-month time period immediately following such termination, Mr. Nieman may not work in the State of Illinois in a managerial or executive capacity for any insurance business that is or could be a competitor of Protexure. In addition, during that same 24-month time period, Mr. Nieman may not solicit any then-current employees of Protexure to work for any insurance business by which he is then employed or in which he otherwise holds an ownership interest.

Nonbinding Advisory Vote on Executive Compensation

At the 2016 Annual General Meeting, approximately 94% of our shareholders, represented in person or by proxy, voted in favor of the resolution to approve our executive compensation, on an advisory basis, and recommended that we hold our nonbinding advisory vote on executive compensation on a triennial basis. In accordance with the recommendations of our shareholders at the 2016 Annual General Meeting, we will hold a nonbinding advisory vote on executive compensation every three years. The next nonbinding advisory vote on executive compensation, after the vote being held at the 2019 Annual General Meeting, will be held at the 2022 Annual General Meeting. We will also hold a nonbinding advisory vote on the frequency of the advisory vote on executive compensation every six years as required under Regulation 14A of the Exchange Act. We are holding a vote on the frequency of the advisory vote on executive compensation at the 2019 Annual General Meeting and the next vote on frequency will be held at the 2025 Annual General Meeting.

ITEM 2—NONBINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive Compensation

We believe that our executive compensation program is designed to retain and motivate high-quality executive leadership with the talent to support the creation of long-term shareholder value. We have structured the compensation plan for our sole executive officer, F. Kyle Nieman III, the President and Chief Executive Officer of Protexure, such that significant elements of his total executive compensation package (cash and phantom stock incentives) are “at risk” elements that provide both upside potential and downside risk, ensuring that Mr. Nieman’s interests are aligned with those of shareholders. Mr. Grayston is included as a named executive officer solely due to his position as our principal executive officer despite the fact that he does not receive compensation directly for this role. As disclosed above, Mr. Grayston only receives compensation for his services as a member of our Board of Directors.

Shareholders are encouraged to carefully review the section of this Proxy Statement captioned “Executive Officers” above for a more detailed discussion of our executive compensation program.

In accordance with recently adopted Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking for shareholders to approve the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including compensation tables and narrative discussion is hereby APPROVED.”

Your vote is advisory and will not be binding upon our Board of Directors. However, the Board of Directors will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors unanimously recommends that the shareholders vote “FOR” the approval of the compensation of the named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion.

**ITEM 3—NONBINDING ADVISORY VOTE ON THE FREQUENCY OF A SHAREHOLDER
VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS**

This proposal gives the Company’s shareholders the opportunity to vote, on an advisory basis, whether the frequency of a shareholder vote on the compensation of the named executive officers will be every one, two or three years. Shareholders may also abstain from voting on the frequency of a shareholder vote on executive compensation. Because the vote is advisory, it will not be binding upon the Company or its Board of Directors. However, the Board of Directors will take into account the outcome of the vote when considering the frequency of a shareholder vote on executive compensation.

After careful consideration, the Board of Directors has determined that having an advisory vote on the compensation of the named executive officers every three years is the best approach because only one of our named executive officers receives compensation for his non-director duties and an advisory vote occurring every three years will permit our shareholders to fully observe and evaluate the impact of any changes to our executive compensation philosophy and objectives which have occurred since the last advisory vote on executive compensation, including any changes in response to the outcome of a prior advisory vote on executive compensation. The Board of Directors unanimously recommends conducting a vote to approve the compensation of the named executive officers every 3 years.

Note: Shareholders are not voting to approve or disapprove this recommendation. Shareholders are voting on setting the frequency of the shareholder advisory vote on executive compensation at every “3 YEARS,” as recommended by the Board of Directors, “2 YEARS,” “1 YEAR,” or you may “ABSTAIN.”

***The Board of Directors unanimously recommends that the shareholders vote for a frequency of every
“3 YEARS.”***

ITEM 4—APPOINTMENT OF AUDITOR

Subject to your ratification, the Audit Committee of our Board of Directors has selected the accounting firm of Deloitte Ltd. to serve as our independent auditor for 2019. Deloitte Ltd. has been our independent auditor since 1998.

Audit Fees and Non-Audit Fees

The following table summarizes the fees billed to us by Deloitte Ltd. for audit and other services for the periods indicated.

	<u>2018</u>	<u>2017</u>
Audit Fees ⁽¹⁾	\$200,000	\$185,000
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
<u>Total</u>	<u>\$200,000</u>	<u>\$185,000</u>

(1) Audit fees for 2018 and 2017 consist of professional services rendered for the annual audit and review of financial statements and the review of financial statements included in our quarterly reports.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services

The Audit Committee’s policy is to pre-approve all audit and non-audit services provided by our independent auditor on a case-by-case basis. In making such determinations, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor’s independence.

Representatives of Deloitte Ltd. are not expected to attend the Annual General Meeting. However, they will be available telephonically to respond to appropriate questions.

***The Board recommends that you vote “FOR” ratification of the appointment of
Deloitte Ltd. as our independent auditor for the current fiscal year.***
