Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the U.S. Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of our Common Stock, to file reports of ownership with the SEC. These persons are also required to furnish us with copies of all Section 16(a) forms they file.

Based solely upon a review of these reports received by us during 2020 and any written representations from reporting persons, we believe that during 2020 each required Section 16(a) report was filed on time.

Certain Relationships and Related Persons Transactions

We recognize that transactions between us and any of our directors or executive officers can present potential or actual conflicts of interest and create the appearance that our decisions are based on considerations other than our and our shareholders' best interests. Therefore, as a general matter, it is our preference to avoid these types of transactions. Nevertheless, we recognize that there are situations where these types of transactions may be in, or may not be inconsistent with, our best interests. Therefore, our ethics policy prohibits us from entering into these types of transactions, except those approved or ratified by the Board of Directors. The Board of Directors has adopted a Code of Ethics applicable to our President and our financial and accounting officers, which may be viewed at our website, <http://www.amerinst.bm/investor-information/>. Our Code of Ethics is designed to comply with Securities and Exchange Commission requirements. We will disclose any amendments to, or waivers from, the Code of Ethics on our website within four business days of such determination. We do not have any formal written policy separately addressing transactions reported under Item 404(a) of the SEC's Regulation S-K. The only transaction during 2020 reportable under Item 404(a) was the payment for management services to Davies Captive Management Limited (formerly Citadel Management Bermuda Limited) ("Davies Captive Management"). This payment was made pursuant to our management agreement with Davies Captive Management, which was approved at the time it was originally entered into and at the time of each subsequent amendment by all of our directors not affiliated with Davies Captive Management. Any amendments, new management agreements or other payments to Davies Captive Management will be subject to the same approval process.

Davies Captive Management provides management services to us pursuant to a management agreement. We paid Davies Captive Management \$362,000 pursuant to this agreement during 2020. Mr. McMahon, who serves as our Treasurer and Chief Financial Officer, is an officer, director and an employee of Davies Captive Management.

ITEM 1 – ELECTION OF DIRECTORS

Our Board currently has eight members. Our bye-laws provide that the Board shall have no fewer than five and no more than nine directors. Our bye-laws divide the directors into three classes. The directors in a given class are elected for three-year terms, and the term of each class expires in successive years. Our Board, upon the recommendation of our Governance and Nominating Committee, has nominated Thomas B. Lillie, Joseph P. Murphy, and Vincent C. Pangia, whose terms expire this year, to stand again for election to the Board. If elected, Messrs. Lillie, Murphy and Pangia would each serve a three-year term expiring at the 2024 Annual General Meeting, or until his successor is duly elected and qualified. Unless you otherwise instruct us, your properly executed proxy will be voted for the election of Messrs. Lillie, Murphy and Pangia. If any of the nominees are unable to serve, the enclosed proxy confers authority upon the designated proxies to vote in favor of such other person to serve in place of such nominee as the Board recommends.

Qualifications of Directors

The following paragraphs provide information (*i.e.*, age, all positions held, principal occupation and business experience for the past five years, and names of other publicly held companies for which he serves as a director or has served as a director during the past five years), as of the date of this Proxy Statement, about each nominee and incumbent director. While the following paragraphs note certain individual qualifications and skills of our nominees and incumbent directors that contribute to the Board's effectiveness as a whole, we also believe that each nominee and incumbent director has a reputation for integrity, honesty, and adherence to high ethical standards. The Board believes that each has demonstrated strong leadership skills, business acumen and an ability to exercise sound judgment, as well as a commitment of service to our shareholders. Additionally, there are no family relationships between any of our directors, executive officers, or any person nominated or chosen to become a director or executive officer.

Board Leadership Structure

Our Board is led by our Chairman of the Board. Currently, the positions of President (our principal executive officer) and Chairman are held by different persons. The Board does not have a formal policy as to whether the roles of Chairman and President should be separate. At this time, the Board has determined that separating these roles and having an independent director serve as Chairman of the Board is in our best interests

and the best interests of our shareholders. The President supervises and administers all of our general business and affairs and the Chairman sets the agenda for, and presides over, meetings of the Board. The Board believes that this structure helps to separate the role of the Chairman in managing the Board, which serves in an oversight capacity, from the oversight responsibilities of the President with regard to managing our day-to-day operations by our third-party management company, Davies Captive Management.

Risk Management

The Board believes that risk management is an important component of our corporate strategy. Although the full Board has responsibility for the general oversight of risks, it primarily conducts its risk oversight function through committees, including the Audit Committee and the Governance and Nominating Committee, as well as other committees. The Board is regularly informed through committee reports about our risks and discusses and reviews with management major policies with respect to risk assessment and risk management. Finally, the Board believes the separate roles of Chairman and President (our principal executive officer) assists us in our ability to implement major policies addressing our risks.

Independent Directors

Our Board has determined that Messrs. Diamond, Gillman, Harris, Klunk, Lillie, Murphy and Pangia are independent members of our Board under the Nasdaq Marketplace Rules, which we have selected for purposes of determining the independence of our directors and director nominees. There were no transactions, relationships or arrangements considered by the Board of Directors in determining the independence of the foregoing directors which were not disclosed pursuant to Item 404(a) of Regulation S-K.

Meetings and Committees of the Board

There were seven standing committees of the Board during 2020, constituted as follows:

<u>Committee</u>	<u>Members</u>
Audit Committee	Messrs. Gillman (chair), Klunk, Lillie and Murphy
Compensation Committee	Messrs. Diamond (chair), Harris and Klunk
Finance Committee	Messrs. Klunk (chair), Gillman and Grayston
Investment Committee	Messrs. Lillie (chair), Grayston and Murphy
Governance and Nominating Committee	Messrs. Harris (chair), Lillie and Pangia
Strategic Planning Committee	Messrs. Grayston (chair), Diamond, Harris and Pangia
Underwriting, Actuarial and Reinsurance Committee	Messrs. Harris (chair), Lillie and Pangia

The seven standing committees, have and may exercise the full power of the Board on matters within the scope of the respective committee’s functions, including the annual audit of our financial statements; review and approval of our fiscal year budget; our investment activity and consideration of various opportunities and options available to us; consideration of nominees to the Board; coordination of press releases and other communications with the public; ownership, transfer or redemption of our Common Stock; and the review and negotiation of reinsurance contracts.

Because none of our executive officers, other than Mr. Nieman in his capacity as an executive officer of Protexure, now receive, nor have historically received, compensation from us for their position as an officer, we have not historically had a standing compensation committee. However, our Board of Directors formed a Compensation Committee in 2016 and Messrs. Diamond, Harris and Klunk currently serve as members of our Compensation Committee. The Compensation Committee does not have a written charter, but operates under delegated authority from the full Board for matters within its purview. Our Board has determined that Messrs. Diamond, Harris, and Klunk satisfy the Nasdaq independence standards for directors serving on the Compensation Committee. Our Compensation Committee determines the compensation paid to Mr. Nieman and our other executive officers based on factors it deems relevant in making such determinations.

The Board held a total of five meetings during 2020. Due to the COVID-19 pandemic, the following directors did not attend at least 75% of all Board meetings and committee meetings on which each director serves: Messrs. Diamond, Gillman, Grayston, Harris, Klunk, Lillie, Murphy and Pangia. During 2020, the Audit Committee met five times; the Compensation Committee one time; the Finance Committee met four times; the Investment Committee met four times; the Governance and Nominating Committee met four times; the Strategic Planning Committee met one time; and the Underwriting, Actuarial, and Reinsurance Committee met five times.

The Board has adopted a written charter for the Audit Committee, which is available at <http://www.amerinst.bm/investor-information/>. The Audit Committee has the authority to consider the qualifications of our independent auditors and make recommendations to the Board as to their suitability for recommendation to the shareholders for appointment; approve any material, non-audit services to be rendered by such independent auditors; and review and resolve any differences of opinion between such independent auditors and management concerning our financial statements. The Audit Committee's functions include selecting our independent auditors; reviewing the arrangements for, and scope of, the independent auditors' examination; meeting with the independent auditors and certain of our officers to review the adequacy and appropriateness of our system of internal controls and reporting, our critical accounting policies, and our public financial disclosures; ensuring compliance with our code of ethics; and performing any other duties or functions deemed appropriate by the Board. Messrs. Murphy, Gillman, and Klunk are currently the members of the Audit Committee. Our Board has determined that all of the members of the Audit Committee satisfy the independence requirements for Audit Committee members under the Nasdaq Marketplace Rules and that each member of the Audit Committee qualifies as an "audit committee financial expert" under the rules and regulations of the SEC.

We do not have a formal policy regarding attendance by members of our Board at our annual general meetings, although we strongly encourage our directors to attend such meetings. Due to the COVID-19 pandemic, none of our directors were able to attend the 2020 Annual General Meeting.

Board Member Nominations

The Governance and Nominating Committee operates under a written charter, which is available at <http://www.amerinst.bm/investor-information/>.

The Governance and Nominating Committee reviews and makes recommendations to the full Board regarding the composition and size of the Board so that the Board consists of members with the proper expertise, skills, attributes, and personal and professional backgrounds needed by the Board, consistent with the Nasdaq Marketplace Rules. The Governance and Nominating Committee believes that all directors, including nominees, should possess the highest personal and professional ethics, integrity, and values, and be committed to representing the long-term interests of our shareholders. The Governance and Nominating Committee endeavors to have a Board of which all the members have experience in the accounting profession and a background in the business of professional liability insurance or similar areas. The Governance and Nominating committee will consider, when appropriate, other criteria useful to our current and prospective businesses in the nomination process. The Governance and Nominating Committee does not have a formal policy on diversity.

If you are a shareholder entitled to vote at our Annual General Meetings, you may nominate one or more persons for election as a director at the Annual General Meeting. The Governance and Nominating Committee will consider recommendations for nominees for directorships submitted by shareholders and will apply the same evaluation to such recommendations submitted by a shareholder as recommendations submitted by any other person or entity. Shareholders who wish the Governance and Nominating Committee to consider their recommendations for nominees for director should submit their recommendations in writing to the Governance and Nominating Committee in care of the Corporate Secretary at our principal executive offices, in the manner described in the section below entitled "Director Nominations." Our Board has determined that all of the members of the Governance and Nominating committee are independent as determined under the Nasdaq Marketplace Rules.

Shareholder Communications with the Board of Directors

Any shareholder or other interested party who has a concern or inquiry may communicate directly with either our independent directors or the full Board. Shareholder Relations will receive all such communications on behalf of the non-employee directors and the full Board. Communications may be confidential or anonymous, and may be submitted in writing to Shareholder Relations, AmerInst Insurance Group, Ltd., c/o Davies Captive Management Limited, Continental Building, 25 Church Street, P.O. Box HM 1601, Hamilton, HM GX, Bermuda. All written communications will be received and processed by our Corporate Secretary and all substantive communications will be referred to Shareholder Relations. All such communications will be reviewed and, if necessary, investigated or addressed by Shareholder Relations and the status of such communications will be reported to the full Board on a regular basis.

Report of the Audit Committee

TO OUR FELLOW SHAREHOLDERS:

The Audit Committee, which operates under a written charter adopted by the Board, monitors the Company's financial reporting process on behalf of the Board. This report reviews the actions taken by the Audit Committee with regard to the Company's financial reporting process during 2020 and particularly with regard to the Company's audited financial statements.

The Audit Committee believes that it has taken the actions necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's charter. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements to be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2020, including a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with Deloitte Ltd. their judgments as to quality (rather than just the acceptability) of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee in accordance with the Public Company Accounting Oversight Board standards. In addition, the Audit Committee discussed with Deloitte Ltd., the auditor's independence from management and the Company, including the written disclosures, letter, and other matters required of Deloitte Ltd. by the Public Company Accounting Oversight Board. Additionally, the Audit Committee discussed with the Company's independent auditors the overall scope and plan for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon these reviews and discussions, the Audit Committee has recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2020, for filing with the U.S. Securities and Exchange Commission.

By the Audit Committee:

Dated March 25, 2021

Jeffrey I. Gillman, Chairman
David R. Klunk
Thomas B. Lillie
Joseph P. Murphy

Director Compensation

Our full Board sets the compensation for our directors. The Board generally considers whether any change from the prior year’s compensation is appropriate to account for inflation or other factors the Board may deem appropriate. Historically, each director has been paid annual retainer of \$25,000, and \$10,000 of this amount has been paid in Common Stock.

In addition to the annual retainer, the directors are also paid \$800 per half-day for each Board meeting and \$200 per hour for each committee meeting attended during the calendar year. Directors are entitled to receive compensation and reimbursement for expenses incurred in attending board or committee meetings or when otherwise acting on our behalf. The Chairman of the Board, as well as the chairman of the Audit Committee and the chairman of the Governance and Nominating Committee, each receives an additional annual retainer of \$10,000. The chairman of each other committee receives an additional annual retainer of \$5,000.

In October 2020, the Board approved the deferral of the payment of (i) the director annual retainers, (ii) the committee chairman annual retainers and (iii) the fees incurred for attending board and committee meetings until cash flows permitted. These unpaid fees are currently being accrued by the Company.

The following table discloses the compensation received by each of our non-executive directors in 2020:

Executive Employment Agreements

The following is a summary of the terms of the employment agreements or arrangements between us and our named executive officers.

Stuart H. Grayston

Mr. Grayston serves as our President but is not compensated for his services in such capacity. Mr. Grayston does receive compensation from us for service on the Board as one of our directors in the manner described above under the section captioned “Item 1 – Election of Directors – Director Compensation”.

F. Kyle Nieman III

On May 20, 2019, Protexure and F. Kyle Nieman III entered into a new employment agreement (the “2019 Employment Agreement”), pursuant to which, Mr. Nieman serves as President and Chief Executive Officer of Protexure. The 2019 Employment Agreement provided for an initial term that ended on December 31, 2019, but established automatic one-year renewals thereafter. The material terms of the 2019 Employment Agreement, include the following:

- The Board will determine, on an annual basis prior to October 15th of each year, Mr. Nieman’s annual salary for the following year. For the 2020 fiscal year, Mr. Nieman received a base salary of \$347,500. For the 2021 fiscal year, Mr. Nieman will be entitled to a base salary of \$347,500. He will be eligible to receive annual bonuses based on Protexure meeting or exceeding certain revenue and operating income targets.
- Mr. Nieman will be entitled to full participation in all benefits plans and programs for which Protexure’s senior officers are or shall become eligible.

- On January 1, 2010, Protexure created an account on behalf of Mr. Nieman comprised of approximately 37,509 phantom shares of Common Stock (calculated as \$1,500,000 divided by \$39.99, the then-current value of a share of Common Stock at December 31, 2009). The phantom shares are eligible for phantom dividends at the same rate paid on regular shares of Common Stock. The phantom dividends may be used only to purchase additional phantom shares. The purchase price of the phantom shares will be the then-current value of the Common Stock. As of December 31, 2020, Mr. Nieman's account consisted of 44,943 phantom shares. Mr. Nieman's interest in the phantom shares is fully vested. On June 6, 2019, the Company adopted the 2019 Phantom Share Plan (the "2019 Plan"). The phantom shares awarded to Mr. Nieman prior to the date of the 2019 Plan shall constitute one Incentive Share under the 2019 Plan, shall be subject to all of the terms and conditions of the 2019 Plan, and shall be vested in full. The proceeds of the phantom shares, less the initial value of \$1,500,000, are to be paid in cash to Mr. Nieman at or after age 65 if retired, or within 30 days in the event of his death or permanent disability. If Mr. Nieman is terminated other than "for cause," the value of the phantom shares, less the initial value of \$1,500,000, is to be paid in cash within 30 days following such termination. If Mr. Nieman resigns or is terminated "for cause," the value of the phantom shares, less the initial value of \$1,500,000, is to be paid in cash 30 days after the effective date of the termination or resignation; provided, however, that, in the event of Mr. Nieman's resignation, the payment otherwise payable to him shall be reduced by 10%, and in the event of termination "for cause," the payment otherwise payable to him shall be reduced by 20%. If there is a change in control or a sale or merger of Protexure, other than a transaction between us and any of our affiliates or subsidiaries, for each share of phantom stock held, Mr. Nieman will be paid the aggregate value of the phantom shares based on the per share value used in the change in control, sale or the merger, less the initial account value of \$1,500,000 within 180 days after the consummation of such transaction.
- In the event Protexure terminates Mr. Nieman's employment "for cause," Mr. Nieman's employment is terminated by reason of his death or disability, or Mr. Nieman terminates his employment for any reason other than for "good reason," Mr. Nieman shall be entitled to no further compensation or benefits from Protexure other than (A) any portion of his annual base salary that had accrued but had not yet been paid (including any amount for accrued and unused vacation payable in accordance with Protexure's vacation policy), (B) any bonus earned on a pro-rata basis except if his termination is "for cause" then no bonus shall be paid, (C) any reimbursement due under Protexure's standard business expense reimbursement policies, and (D) any amounts payable to him under the 2019 Plan or any other incentive or deferred compensation plan as may exist at the time of termination.
- If Protexure terminates Mr. Nieman's employment for any reason (including non-renewal of the 2019 Employment Agreement) other than "for cause" or disability, or if Mr. Nieman terminates his employment for "good reason," Mr. Nieman shall be entitled to receive an amount equal to 100% of the his annual base salary, in addition to (A) any bonus earned on a pro-rata basis, (B) any reimbursement due under Protexure's standard business expense reimbursement policies, and (C) any amounts payable to him under the 2019 Plan or any other incentive or deferred compensation plan as may exist at the time of termination.
- During the employment period and for 12 months thereafter, Mr. Nieman shall not, directly or indirectly, anywhere in the United States, either for himself or through any other person, have an ownership interest in, manage, participate, operate, control, permit Mr. Nieman's name to be used by, perform services for or otherwise become involved in, in a competing business.
- During the non-compete period, Mr. Nieman shall not anywhere in the United States attempt to induce to leave the employ of Protexure or hire any current employee or former employee within the last year, or in any way interfere with the relationship between such employee and Protexure. Mr. Nieman is also restricted from soliciting or servicing any of Protexure's current customers, former customers within the last year or prospective customers for the sale of goods or services competitive with those offered by Protexure.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services

In making such determinations, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor's independence.

Representatives of Deloitte Ltd. are not expected to attend the Annual General Meeting. However, they will be available telephonically to respond to appropriate questions.

The Board recommends that you vote "FOR" ratification of the appointment of Deloitte Ltd. as our independent auditor for the current fiscal year

ITEM 3 – SHAREHOLDER PROPOSAL

Mr. Pat Terrion has notified the Company that he will present the following proposal for consideration by shareholders at the 2021 Annual General Meeting. The Company will provide Mr. Terrion’s address, and the number of shares he owns, to shareholders promptly upon receiving an oral or written request for that information.

“Resolved that the shareholders of AmerInst Insurance Group, Ltd. recommend the AmerInst Insurance Group, Ltd. Board of Directors take whatever steps necessary, including changing the bye-laws, to establish pro rata shareholder voting rights from its shares owned by AmerInst Insurance Company, Ltd.”

Mr. Terrion has submitted the following statement supporting his proposal:

“The market for deceased and/or retired shareholders of AmerInst desirous of selling their shares is the redemption of such shares by a wholly-owned subsidiary, AmerInst Insurance Company, Ltd. (Investco). The voting proxy for Investco-owned shares is granted to Board members of its parent company, AmerInst. As of September 30, 2020, Investco owned 369,576 shares, or ~37% of AmerInst shares.”

“The shares owned by Investco were not acquired by the Company, and remain outstanding under Bermuda law, and voting of those shares is permitted without restriction under the Bermuda Companies Act 1981. However, ownership of shares by Investco serves to enhance the Board’s control, even though the company cites reason for the repurchase and holding of shares by Investco is that such ownership permits the Company to realize tax and regulatory advantages that would not be available if the shares were held as treasury shares. The company states shares held by Investco are deemed to be outstanding under Bermuda law, representing an asset of Investco and of the consolidated group, requiring boards of both the Company and Investco, in the exercise of their fiduciary duties, to determine how that asset is best utilized — including whether to hold or sell shares, how to vote shares, and whether such shares should have voting rights. However, there is question whether the Board is carrying out their fiduciary responsibility to shareholders.”

“This vehicle has allowed AmerInst Directors to vote compensation programs that are advantageous to directors, and detrimental to shareholders. The company has produced cumulative net income of \$510,016 since 12/31/05. AmerInst Board compensation includes approximately \$5,536,337 cash and \$1,532,179 of other compensation/stock granted to directors – total of \$7,068,516, or **13.8x** cumulative net income over the past 14.75 years (not including the intrinsic value of stock option program that the board approved in 2016). Meanwhile book value, which AmerInst Insurance Group share price is valued to shareholders redeeming stock, has declined significantly. Per-share equity on December 31, 2005 was \$28.08, and on September 30, 2020 per-share equity is worth \$15.23. Board cash and equity compensation is expected to near 5% of shareholders equity in 2021, or ~\$450,000 annually. The actions by AmerInst Board Members violate fair and equal shareholder voting, and their voting shares held in Investco results in control by the Board who collectively hold a minority <7% of outstanding shares.”

“The *Pro rata Voting Rights for Subsidiary-owned Shares Resolution* gives all AmerInst shareholders equal voting rights and the opportunity to send a clear message to the Board that they oppose the present ability of the Board being able to influence, and control, the outcome of any shareholder vote, including this resolution.”

“I URGE YOUR SUPPORT VOTE FOR THIS RESOLUTION,”

“THANK YOU”

Your Board's Response

Your Board of Directors recommends a vote **AGAINST** this proposal and believes that the actions proposed by the proponent are unnecessary and not in the best interests of the Company and its shareholders for the following principal reasons:

- **The existing voting process complies with Bermuda Law.** The proponent acknowledges that the shares of Common Stock owned by AmerInst Insurance Company, Ltd. are not owned by the Company, “remain outstanding under Bermuda law, and voting of those shares is permitted without restriction under... Bermuda [law].” Thus, the proposal seeks to impose voting arrangements different from those contemplated by Bermuda law. The Board believes that changing the voting process in a manner not required by Bermuda law is inadvisable and that there is no reason to modify the existing process.
- **The proposal lacks clarity.** The proposal seeks to “establish pro rata voting rights from its shares owned by AmerInst Insurance Company, Ltd.” However, the existing voting arrangement already provides for “pro rata” voting rights” (*i.e.*, for one vote per share).
- **Changing the voting arrangements would almost certainly result in the failure to achieve a quorum at Annual General Meetings.** If the voting arrangements were to be changed as suggested by the proponent, it could become more difficult to obtain a quorum at future Annual General Meetings of the Company without incurring undue cost. In fact, since at least 2013, a quorum would not have been obtained at any of the Company’s Annual General Meetings if the shares held by AmerInst Insurance Company, Ltd. had not been present; excluding those shares, only 25% to 18% of the Company’s outstanding shares would have been present at the Annual General Meetings during that eight-year period. The failure to achieve a quorum could result in additional solicitation and other costs, as well as administrative burdens, to the Company; delays in taking certain actions, such as electing directors for the ensuing year; and the possible disenfranchisement of shareholders.
- **The proposal incorrectly implies that the shares owned by AmerInst Insurance Company, Ltd. have been voted in support of compensation programs.** The proposal implies that the shares owned by AmerInst Insurance Company, Ltd. have been voted in support of “compensation programs that are...detrimental to shareholders.” In fact, since at least 2010, those shares have been voted on only two matters – the election of directors and the ratification of the selection of the Company’s independent auditors. During this period, the shares have never voted in favor of any compensation program.

The Board recommends that you vote “AGAINT” this proposal
